Next Steps:

- Check that form is open in Adobe Reader, not in your web browser -**
 If you try to hit 'Submit' and nothing is happening, you need to save/download the form to your desktop and open it from there.
- Hit 'Submit' -**
 When you hit 'Submit' a pre-formulated email to API-Repairs should come up. Please add any additional attachments/information (if needed) and hit send. *Please note, if you do not hit send on the email, we will not receive your RMA request.*
- Send Email -**
 Upon successful submission, you should receive an acknowledgment within 24 hours. If you do not receive this, please send a copy of the form directly to API-Repairs@Teledyne.com
